Our Village.

In a recent number of the Leavenworth Bulletin, one of whose editors country which has felt the need of such had been out to the Fair, appeared a accommodation very much. very friendly notice of our willage. The Mr Smith confidently expects to be writer said we needed a few active bu able to make flour equal to the best siness men, which is true. We have brands in the State; we have not yet some excellent gentlemen in business tested his flour, but see no reason to here, as fine citizens as the county or doubt his ability to manufacture a firstthe State can produce; but since our class article. arrival here they have been taking a kind of Rip Van Winkle nap. We trust, to Leavenworth for their flour and however, that they will rub open their meal, will be pleased to find these artieyes, get "wide awake," and let the cles at home. It is not pleasant to send world know what they can do. We off a day's journey for a hundred believe the do is in them, but the "cift" pounds of flour or a sack of meal, esneeds "stirring up."

A distinguished and successful busi- ed to that way of doing. ness man said there were three things Farmers, bring in your wheat and essential to success in business, and he corn. classified them as follows:

"First. Adveruse. Second. Advertise. Third. ADVERTISE."

We believe the rule is almost without exception, that the road to sure and speedy success is to advertise; and in these latter days, it is next to impossi H. W. Ide, ble to succeed-except at an ox team pace-without the printer's oil to anoint the machinery.

We think our business men would do !! well to 'ake this matter into consideration, and follow the advice of John Jacob Astor, Stephen Gerard, Abbont Lawrence, and others who have been most successful in business, all of whom have borne decided testimony in favor of advertising, both is "good times" and "hard times."

The man of business who does not advertise is behind the times; and as a up. Put an ex-team to run a race with J. C. Todd, a locomotive and train of cars, and you Thos. Hodges, 15 (G. M. A business is built up faster by advertising than in any other way; and the money judiciously invested this way returns a ten-fold better profit than any other put into a business.

Great Republican Loss.

A little over two months ago the Republican County Committe met and apportioned the delegates for the County Convention on the basis of the vote given for Gov. Carney last year. This gave Oskaloosa township seven delegates and Sautrelle Falls five. Our neighbors complained that this was unjust to them-that their Republican strength entitled them to six delegates and that our number should be reduced to the same standard. In the spirit of good neighborship our citizens assented and their number was raised one and ours reduced one, making them even. This was all friendly and proper. It established the fact that two months ago the Republican vote of Sautrelle Falls township was one hundred und toenty. Very well.

Ten days before the election Bro. Crosby, of the Jeffersonian, Messrs. Spalding, Bennett, Mann and others over their own proper signatures stated emphatically that Mr. Critchfield would! receive about the Republican vote of their township; and this declaration. When the party returned, along tothus properly signed, was sent to us and others of our citizens as an assuronce that we might rely upon. We accepted it as such.

The election came off and just nineteen votes were given to Mr. Critchfield: Now the gentlemen we have named and their associates are men of honor and veracity and very far above stooping to sign a false statement; therefore, we are bound to believe that the Republican vote has fallen off four fifthe in two months ?

This is the only serious Republican loss we have heard of this fall. Every determination to visit righteous justice where else the Democracy have been wiped out. Mr. Patrick, the Demogratic competitor of Mr. Critchfield, state of feeling exists. Orime has bereceived 145 votes. We advise the disconsolate Democrats of Leaven worth, who consider this a "very bad year for Democrats" to move up to the Polle. There is a bright streak for them up there !
